Wow – thank you so much from all of our athletes, staff, coaches and partners for a very special event last night at the Juniper. Rocco and the staff were top notch and made the night very low stress so all our staff could enjoy themselves. The musician was amazing. The food was spectacular and the venue far exceeded my expectations. - Cross Country Canada

The Juniper was a lovely setting for our event and retreat. It's great to get away from the busy-ness of downtown and enjoy some peace and quiet. We really liked the meeting room; it's gorgeous and was an excellent fit for a group our size. The meals were also very good.

We had a great stay at your property and I would not hesitate to book a group there....I found the staff to be very helpfully and accommodating.

Uniglobe Geo Travel, Edmonton – October 2009

We all had a good time and the location / facility was great even though we were let down by the weather.

Fall Photography Group – September 2009

Everyone had very positive things to say about The Juniper. The mountain-view rooms were lovely and the meeting room was perfect for the retreat. It was great.
